Railway container service

971. SHRI KAILASH PATI MISHRA: Will the Minister of RAILWAYS be pleased to state:

(a) whether it is a fact that in 1971-72, the railways could have about 46 loadings per container;

(b) what is the number of loadings per container in each of the last three years and in the current year and whether there is a steep decline, if so, what are the reasons therefor;

(c) whether it is a fact that railway container service was unable to compete with road transport due to poor quality of service and rates; and

(d) whether it is also a fact that but for the inefficiency of its road units, long transit time, and detention of containers, more than 950 containers could have been available, augmenting earnings by about Rs. 2.4 crores per year?

THE MINISTER OF RAILWAYS (SHRI A.B.A. GHANI KHAN CHOUDHURY): (a) Yes, Sir.

(b) The number of loading per container, per year, for the last three
